

\$225,000
*Invested in students
since 2015*

*One Ask.
One Partnership.
One Impact.*

We Believe!

A Thriving Community Invests in Its Students.

The Kiel Booster Club Community Partnership Program brings together businesses, organizations, families, alumni, and community members who believe every Kiel High School student deserves opportunities to learn, compete, perform, lead, and grow.

We Listened.

Your ideas and feedback helped shape the next chapter of the Kiel Booster Club.

For more than a decade, the Kiel Booster Club has partnered with generous businesses, dedicated volunteers, supportive families, and an incredible community to create opportunities for Kiel High School students.

The result is the Kiel Booster Club Community Partnership Program - a simpler, more unified way to support Kiel High School students through one annual partnership with year-round recognition for our Community Partners.

Together, we're investing in Kiel students.

- Academics
- Athletics
- Fine Arts
- Scholarships
- Leadership & Student Organizations
- Coach & Advisor funding requests

Become a Community Partner

Choose the partnership level that best fits you. Every Community Partner provides you with year-round recognition as you help create opportunities for Kiel High School students.

How We Distribute Your Gifts

1. Our community gives.
Local businesses, families, and
community members support the
Booster Club through this
community partnership.

**2. Coaches and advisors
identify needs.**
When a team, club, or student
organization has a need, the coach
or advisor completes a Booster
Club Fund Request Form outlining
what is needed, why it is needed,
and the amount of funding being
requested.

**3. Requests are presented to
the Booster Club.**
A representative of the team or
organization attends a Booster Club
meeting to explain the request and
answer questions.

**4. The Booster Club reviews
and approves requests.**
The Booster Club considers each
request based on the organization's
guidelines and available funds.
Approved requests receive financial
support.

5. Students benefit.
Your partnership helps provide
equipment, supplies, opportunities,
experiences, and other resources
that may not otherwise be available
through the school's regular budget.
